To Whom it May Concern

Broadland Construction Ltd

This practice has dealt with Broadland Construction on a regular basis over the last 15 years, on Schools and commercial buildings and, in particular, large scale domestic projects.

Our collaboration has been very successful. We have found Broadland to be reliable, well organised and resourceful, and their work has always been finished to a high standard.

We would have no hesitation in using them again, or in recommending them to other architects and clients.
